## Unmarked graves (re-recorded 2023 by Friends of Christ Church)

*These are the burials in the unmarked plots between marked graves as numbered on the Memorial Inscriptions transcript - these graves are in grey on the maps.*

*This information comes from the "lost" sexton's book and cannot currently be verified by double-checking.*

*The sexton's book did not include graves in the upper half of the graveyard (rows 35-59) so information about unmarked plots in that section does not exist.*
